Transforming the Face of Accessible Technology

Welcome to RealSAM:

A Revolutionary Accessible Technology Tailored for Blind and Low Vision Needs

Stay Independent

Losing your sight doesn't have to mean losing your life.

RealSAM is a breakthrough in accessible technology. Simple, intuitive, and easily voice operated, RealSAM is your reliable everyday assistant, ensuring that you can remain confident in your independence even if you're losing your vision.

Who RealSAM Helps

RealSAM devices are designed for anyone who may find it easier to operate technology by voice.

Our customers include people experiencing:

- ✓ **Sight Loss** – Age-related Macular Degeneration, Diabetic Retinopathy, Glaucoma, Cataracts
- ✓ **Physical Barriers** – Multiple Sclerosis, Parkinson's, Arthritis
- ✓ **Cognitive Impairments** – Dementia, Traumatic Brain Injury
- ✓ **Learning Disabilities** – Print Disability, Dyslexia

What Makes a RealSAM Device the Perfect Assistant?

- **Stay Connected:** Make calls, send messages, and stay in touch with loved ones with just your voice. No more struggling to find the right buttons.
- **Sight Assistant:** The powerful tool that reads text and describes images—helping you with everyday tasks, like reading labels or identifying objects.
- **Podcasts & Audiobooks:** Discover thousands of accessible podcasts and audiobooks, all available by voice command, so you can enjoy stories, news, and music effortlessly.
- **Reminders:** Set voice-activated reminders to help you stay on top of your day—from medication schedules to appointments, RealSAM helps you keep track.
- **GPS spoken Navigation:** With GPS features, know where you are and find your way around with ease.

Our Partners

We're proud to partner with sight loss charities and support organisations all across the UK, working together to make life more accessible for you.

RealSAM Pocket

RealSAM Pocket, powered by the premium Samsung A17 handset, is an accessible mobile device, created in collaboration with the RNIB, and Daisy O2 to provide our community with the smoothest, simplest user experience possible.

Using RealSAM Pocket is as simple as 'tap and talk'; simply ask your RealSAM Pocket to call a loved one, identify an object or small text, send a message, set a reminder, read your favourite book, or access the latest headlines. Easy and intuitive, just the way it should be!

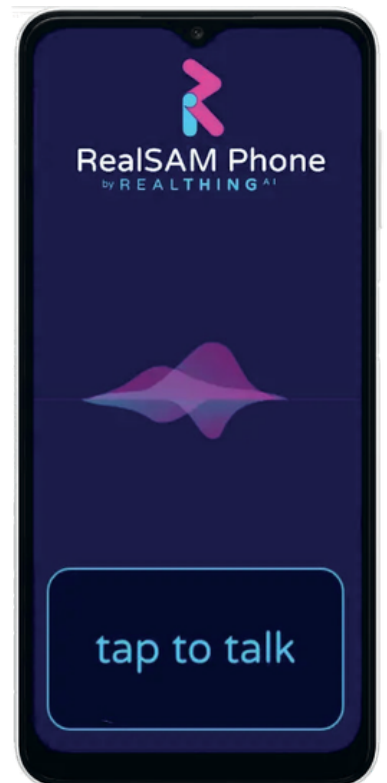

We recommend RealSAM Pocket to those looking for a premium quality handset with a wide range of features.

RealSAM Phone

Using the Samsung A16 handset, RealSAM Phone is our simplest user-friendly mobile device, commonly chosen by seniors and individuals experiencing visual impairment, or those who have low confidence with technology.

Effortlessly maintain contact with friends, family, and support networks with RealSAM Phone's voice-first interface.

RealSAM Phone offers the same calling and assistance functionality of RealSAM Pocket, but does not include any entertainment features. We recommend RealSAM Phone as the most streamline and affordable accessible mobile phone option.

RealSAM BookClub

One membership. Every device. Unlimited audio.

RealSAM BookClub is offered as either a monthly or annual subscription service, providing blind and partially sighted people across the UK unlimited access to over 50,000 accessible audio books, newspapers, magazines, podcasts, and radio.

BookClub is available across iOS, Android, the web, RealSAM Pocket, Alexa-enabled smart speakers*, and the Alexa app.

Cross-device continuity means that you can start a book on one device and finish it on another—BookClub remembers where you left off.

*RealSAM BookClub is not currently compatible with Alexa Plus.

Who Is BookClub For?

Over 2 million people in the UK live with sight loss. Many of them are passionate and lifelong readers, who are now facing barriers to accessing books in traditional formats. Whether you're a lifelong book lover, looking to easily stay up to date on the latest news, seeking a community of readers who read like you, or simply enjoy a good story, RealSAM BookClub offers access to entertainment, information, community, and connection.

Join the Community

Plus, join our online BookClub community to access our curated monthly pick and engaging discussion prompts, and connect with other blind and partially sighted readers to share your reflections.
